

Guidelines for \$500 Incentive to Replace Failing Septic Systems

1. Septic systems must be installed, inspected, and approved by the County before requests and/or payment is made. Requests for payment must be made through the county the system is located in.
2. Septic systems must be in the Buffalo Creek Watershed area and are subject to location verification.
3. Septic systems replaced due to sale or transfer of property are not eligible for payment.
4. New houses are not eligible for payment.
5. Court ordered septic replacements are not eligible for payment.
6. Septic systems installed before August 1, 2010 are not eligible for incentive payment.
7. Any request for an incentive payment must be made within 6 months of installation and issuance of Certificate of Compliance.
8. All payment requests are subject to final approval and availability of Buffalo Creek Watershed District budgeted funds.
